

Congratulations! You have signed up with a company that strongly supports the greater Yankton community.

We hope that you will join your employer in considering the important missions of 60+ local programs by making a one-time gift or regular payroll deduction to United Way & Volunteer Services of Greater Yankton.

With your generosity, local programs dedicated to youth opportunity, financial security, healthy communities and community resiliency of our neighbors will be impacted. These programs ensure that youth succeed in school and in community, they strive to strengthen individuals and families, build vibrant neighborhoods, and meet emergency and short-term basic needs. As partners, our work focuses on shaping the future of our community and providing opportunities for a better life for all.

With this letter is a brochure and pledge card with more information on United Way, our partner agencies and programs and how your gift changes lives.

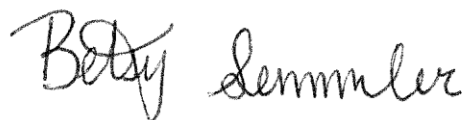

Please help continue the tradition of making great things happen in Yankton. Thank you for what we know your generous spirit will achieve.

UNITED IS THE WAY!

Sincerely,

Jesse Bailey
Executive Director

Betsy Semmler
Resource Development Director
